MEMORANDUM FOR: [REDACTED] O/DD/S&T
SUBJECT: Midcareer Training Program

1. General Carter, backed up by Colonel White, discussed at the Senior Staff Meeting on 7 October certain aspects of the Midcareer Training Program. They put emphasis on the fact that this program encompasses much more than merely the thirty people attending the current six weeks Midcareer Training Course. In its larger aspects it is supposed to be a developmental undertaking, carried through over a five year period, that also sees other training lined up for these individuals as well as considered and thoughtful future assignments. Matt Baird is under direction to render periodic reports to Colonel White on the implementation of the larger concept just described above.

2. I would suggest you work directly with the ADs and do not allow them to forget the larger concept. We will be called upon sometime in the future to state what our plans and follow-through have been on the current and prospective DD/S&T attendees at the six weeks Midcareer Core Course.
